What is German Pathway Program (GPP)?

Study 1 Year in India. Enter Directly to German Public Universities.

German Public Universities require Indian students to complete one year of university education after Grade 12. Recognising this as a critical gateway, CT University and Study Feeds have designed a seamless, one-stop pathway — giving students direct access to all German Public Universities, for both English-taught and German-taught programs.

The German Pathway Program is a structured, compliance-aligned academic bridge where students complete their first year at CT University in India under expert supervision — and transition directly into German Public Universities for their bachelor degrees.

Zero Tuition Fees*

Germany's Public Universities offer world-class education at virtually no tuition cost, making it one of the most financially rewarding study destinations in the world.

Access to all German Public Universities

Students gain access to the full spectrum of Bachelor's programs across all German Public Universities, not a pre-selected list.

GPP

Wide Range of Programs

Choose from programs spanning Engineering, Technology, Business, Sciences, and more — in both English-taught and German-taught modes.

Your Grades Open Better Doors

University and program allocation is based on academic performance and language proficiency. Check the next page for requirements.

IMPORTANT INFORMATION

*Out of the 16 federal states in Germany, only Baden-Württemberg and Bavaria introduced tuition fees at Public Universities — and solely for non-European students. Baden-Württemberg charges €1,500 per semester, applicable from the Winter 2017 session. In Bavaria, tuition fees range from €0 to €3,000 per semester, with the majority costing between €0 and €800 per semester, depending on the university and the study program.

Program Director

Assigned to ensure your journey from application to campus is seamless, supported, and successful.

Pia Breunig

Pia Breunig was born in Aschaffenburg, Germany, and brings a distinguished background spanning logistics, multilingual diplomacy, and decades of service in the German Foreign Service — with postings in Chennai, Tokyo, and New Delhi. Following her diplomatic career, she joined the German Embassy School in New Delhi in 1994 and continues to contribute there even after retirement. She has been associated with Study Feeds as Head of Cultural Relations since the early days of 2023, bringing an irreplaceable cultural and diplomatic perspective to our students' preparation journey to Germany.

Did you know?

**Kienbaum Consultants International GmbH is
Europe's oldest management consultancy,
founded in 1945.**

How does it work?

The subject you study in India determines what you can study in Germany. **Pursuing a BBA or BCom?** You qualify for management programs in Germany. **Completed two semesters of B.Tech.?** You are eligible for German programs at German Public Universities.

GPP is a student-first program that puts the power of choice in your hands – select your preferred Universities and courses in Germany, matched to your grades and language certification. And as you progress through GPP, conditional admissions from GPP's partnered German Public Universities are already being secured for you – so by the time you are ready, Germany is ready for you too.

Requirements: GPP is open for applicants with:

Minimum 70% in class 12th from a recognized Indian School Board	IELTS B2 (6.0/6.5 bands) level for English taught programs and TestDaF TDN 4 for German taught programs**	Relevant academic stream for selected program	Commitment to intensive German language training	Willingness to follow a structured residential academic model
--	---	---	--	---

Important Note: Admission to German Public Universities requires submission of your complete one-year university results – not just one semester – along with your APS certificate, before the application deadline of July 15th or January 15th for the subsequent intake.

Admission to German Public Universities is determined solely by your Class 12 results and GPP scores – a transparent, merit-based process.

**HIGHER GRADES
MEAN
MORE OPTIONS.**

*All study programs at German Public Universities are 3-year programs except for a few technical programs lasting 7 or 8 semesters. Detailed information will be shared with the student during university shortlisting.

**All students enrolled in the GPP program can opt for English taught courses and study German for social and cultural integration.

TIMELINE

Everything about

German Pathway Program

1

Start your first year at CT University in August 2026, integrated with German language and Cultural Training for 1 year.

2

APS application -
June 2027

3

German University Applications -
until 15th July 2027

4

Visa Application -
August 2027

5

Bachelor's in Germany
(1st semester onwards)
- October 2027

6

Graduation in Germany
- September 2030*

Furtwangen University (HFU)

Official Collaboration Partner of the German Pathway Program

Established in 1850, Furtwangen University (HFU) – The Black Forest University – is a forward-thinking institution. HS-Furtwangen is offering 34 study programs across Health, Computer Science, Media, Technology, and Business. With a 97% student recommendation rate and strong industry ties, HFU combines academic excellence with a practical, international approach to learning.

We are pleased to announce that HFU is now an official collaboration partner of the German Pathway Program. As part of this collaboration, HFU will issue Conditional Admission Letters to eligible GPP students – securing your place at a reputed German university even before your program ends.

Available programs under German Pathway Program

Seats are strictly limited and available on a **first-come, first-served basis**.

Early eligibility confirmation is strongly recommended.

60 seats
B.Tech. Computer Science & Engineering

60 seats
B.Tech. Mechanical Engineering

120 seats
Bachelor of Business Administration (BBA)

Why Germany?

The global epicenter where historic research meets cutting-edge innovation.

80+ Nobel prize winners

Global Patent Leader **#1**

1386 Oldest University Established

World's Highest Recycling Rate **66%**

€700–€1,100 Average living cost per month

THE STUDENT EQUATION

€0 Tuition Fees*
A world-class

education doesn't have to cost a fortune – and at German Public Universities, it doesn't.

*Exceptions: Baden-Württemberg (1500€/Sem) & Bavaria (0-3000€/Sem depending on program).

20hr Earn While You Study

International students are legally permitted to work up to 20 hours per week.

AFFORDABLE LIVING WITH HIGH QUALITY OF LIFE

Minimum wage in Germany

13.90 €/Hr

Germany's minimum wage is €13.90/hour (from Jan 2026), rising to €14.60/hour in Jan 2027.

No Speed Limits

German Autobahns are the only highways in the world with no general speed limit.

German Airports Have a Curfew

It's called *Nachtruhe*, the skies go completely silent between 11 PM and 5 AM – no takeoffs, no landings. (different airports have different *Nachtruhe* timings)

German is Europe's Most Spoken Language

German is the most widely spoken native language in Europe – and shares 60% of its vocabulary with English.

About CT University

Your first year of this program is delivered on the campus of CT University. CT University (CTU) is a leading institution committed to transforming education with world-class learning aligned with NEP 2020. With a cutting-edge campus featuring Robotics & Automation Labs, the BOSCH Lab and state-of-the-art technology, CTU provides the perfect platform for students to explore, innovate and excel.

About Study Feeds

PROGRAM PARTNER

Since 2009, Study Feeds has specialised in one discipline — preparing students for admission into German Public Universities. Our singular focus means unmatched depth of knowledge, precision in guidance, and a track record built on one destination alone. Every resource, every process, and every expert at Study Feeds is aligned to one goal: to prepare students for higher education in Germany.

- ✓ Licensed Examination Centre in TestAS, TestDaF, ÖSD, onSET and dMAT in New Delhi, Pune, Bhopal and Nepal
- ✓ Premium German language training through an Indo-German team of language and cultural trainers.
- ✓ 4,500+ alumni across Germany, grown steadily since 2009.
- ✓ By regularly hosting German and Austrian delegations, we provide students direct access to the opportunities, Universities, professionals, and careers that await them abroad.

About German Public Universities

GPP opens doors to **all German Public Universities** – including the prestigious TU9 Universities. Admissions are based on your 12th grades + GPP performance, and we apply for up to 7 courses per student for maximum options. Score 65%+ in GPP and your journey begins!

Check out the course options below, offered by German Public Universities after GPP:

Computer Science

English taught

- Artificial Intelligence
- Data Science
- Computer Science
- Applied Artificial Intelligence
- Management and Data Science
- Augmented and Virtual Reality Design
- Animation and Game
- Business Administration with Informatics
- Medical Engineering
- Autonomy Technologies
- Robotics
- Electrical Engineering and Information Technology

German taught

- AI in Medicine
- Cyber Security
- Aerospace Informatics
- AI in Engineering
- Software Engineering
- Applied Computer Science
- Bioinformatics

and many more....

Mechanical Engineering

English taught

- Mechanical Engineering
- Mechatronics
- Robotics
- Autonomous Vehicle Engineering
- Green Engineering and Sustainable Management
- Electromobility, Autonomous Driving and Mobile Robotics
- Business and Engineering
- Aerospace (With German A2)
- AI and Robotics
- Industrial Engineering
- Energy Systems and Renewable Energies
- Mechatronics and Robotics

German taught

- Aeronautical Engineering
- Automotive Engineering
- Motorsport Engineering
- Power Engineering
- Material Science
- Additive Manufacturing
- Automation - Industry 4.0

and many more....

Bachelor's in Business Administration

English taught

- International Business
- International Management
- Industrial Engineering
- Business Economics
- International Business and Economics
- Sales and Marketing
- Business Administration with Informatics
- Business and Engineering (minor in chosen Engineering domain)
- International Business Management
- Logistics
- Global Digital Marketing and Sales
- Global Business and Economics

About APS (Academic Evaluation Centre)

The Academic Evaluation Centre (APS India)— operates under the Science Section of the Embassy of the Federal Republic of Germany in New Delhi, in cooperation with the German Academic Exchange Service (DAAD). As the official body responsible for verifying the academic credentials of Indian applicants, APS India issues a certificate that authenticates an applicant's academic documents and establishes their formal eligibility for admission to German Public Universities.

More Details: www.aps-india.de or scan the QR code

GPP students seeking APS certification for Bachelor's admission in Germany are required to have secured a minimum of 70% in Class XII and successfully completed all GPP subjects.

Digital TestDaF

- Internationally certified by ALTE — meeting the highest global quality standards for language assessment.
- Officially recognised by all German Universities as proof of German language proficiency.
- The only language test designed specifically for university admission in Germany.
- Available at 500+ test centres across approximately 100 countries worldwide.
- Up to 50,000 participants annually — establishing TestDaF as the world's leading German language assessment.
- Results are assessed independently of age, gender, and country of origin — ensuring a fair and unbiased evaluation for every applicant.

Digital TestAS

PARTS

Core Test and chosen Subject-Specific Modules in English or German

SUBJECT SPECIFIC MODULES

1. Mathematics, Computer Science and Natural Sciences
2. Engineering
3. Life Sciences
4. Medicine
5. Economics
6. Humanities, Cultural Studies and Social Sciences

MAXIMUM SCORE: 200

Module selection is determined by the undergraduate degree program an applicant intends to pursue in Germany.

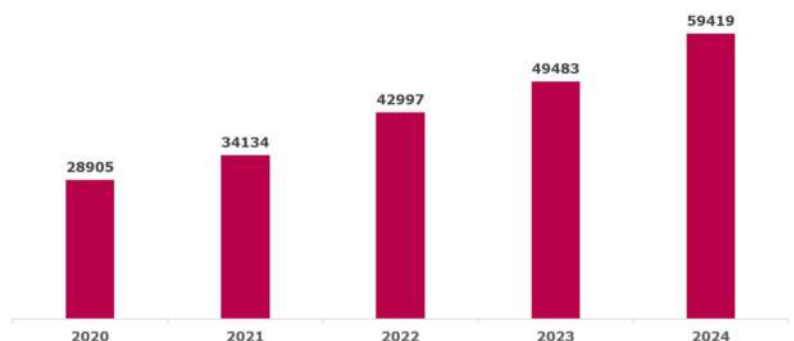

Study Feeds is the licensed examination centre to conduct Digital TestAS and TestDaF in New Delhi, Pune, Bhopal and Nepal

Preparation - As part of GPP, students receive complimentary access to both the Digital TestDaF and Digital TestAS preparatory programs, seamlessly integrated alongside their regular studies. The TestDaF program features exclusive study material sourced directly from g.a.s.t. e.V. — the central TestDaF institute in Germany — available only to its licensed test centres worldwide. TestAS preparation is delivered by a native German teacher, bringing both expertise and authenticity to every session.

Did you know?

Enrollment of Indian Students in Germany at an all-time high

The number of Indian students in Germany has more than doubled in the past 5 years. This number refers only to the students pursuing Bachelor's, Master's & PhDs. Those who go to Germany for internships, short-term research, exchanges, etc., are over and above this number.

Monthly Awareness Sessions

IMMERSE, INTERACT, INSPIRE!

With GPP, prepare for a seamless transition to life in Germany with our comprehensive monthly awareness webinars/seminars. These exclusive, interactive sessions connect you directly with the essential pillars of the German ecosystem—from blocked account and insurance providers to university representatives and official job authorities. You'll gain firsthand career insights from successful Indian alumni currently thriving at global powerhouses like Airbus, Volkswagen, Daimler Benz and Deutsche Bahn, while also mastering the practicalities of everyday life. With specialized modules covering local waste management protocols and deep-dive cultural nuances guided by German natives, you will arrive fully equipped to integrate and succeed.

1 Financial & Health Setup:

Direct guidance from German Blocked Account and Insurance providers.

3 Academic & Career Pathways:

Engage directly with German Universities and Official Authorities for jobs and career opportunities.

5 Alumni Success Stories:

Hear firsthand from Indian graduates now working at leading German powerhouses.

2 Cultural Integration:

Master the nuances of German culture with specialized training led by German native speakers.

4 Everyday Practicalities:

Learn essential daily protocols, including specialized German Waste Management training.

Why German Pathway Program?

Because it is AI (All Inclusive).

Your one-stop solution for all your Germany plans

Germany-focused expertise with 15+ years in Bachelor's admissions, Ausbildung placements, and skilled migration.

GPP seamlessly integrates Indian Universities, Testing Centres, Application Experts, and German Public Universities

Complete Bachelor's admission support — APS guidance, university shortlisting, Uni-Assist applications, documentation & visa assistance.

Weekly German Cultural Training Sessions to prepare students for life, study and work in Germany.

By the end of this program, you won't just have a university offer — you'll arrive in Germany knowing exactly how to live, work and thrive as a student.

Trained for Life in Germany

Your residential year goes beyond academics — it prepares you for real student life in Germany. From waste disposal (Mülltrennung) to part-time jobs and internships (Praktikum), you'll be ready for every aspect of daily life before you even land.

Academic Recognition

CTU's anabin H+ rating ensures your first year of study meets German university standards.

All services under one roof — language training, exams, admissions, documentation, visa support, pre-departure and accommodation guidance.

Premium German language training led by expert Indian faculty and native German speakers for authentic, high-quality learning.

Strong alumni network & support for mentorship, guidance, job insights and smooth settlement in Germany.

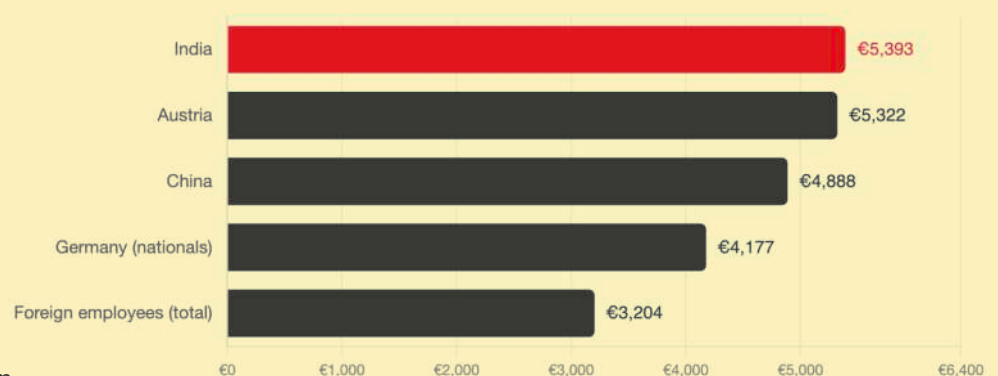

Comprehensive support until you settle in Germany with travel help, orientation and continued assistance.

Indians Earn **the Highest** in Germany

Indian professionals recorded the highest median gross wage among all foreign nationalities in Germany at €5,393/month in 2024 — out-earning even US and European professionals. Yahoo! The key driver? A strong concentration in high-demand MINT roles — Mathematics, IT, Natural Sciences, and Technology.
